### **III. Realizare remarcabilă**

(Descrieți într-o manieră cât mai accesibilă (în maximum 1 pagină) cea mai importantă realizare științifică/tehnică/artistică din ultimii 5 ani și impactul acesteia.)

Articolul “Rotten Apples, Bitter Pears; An Updated Motivational Typology of Romania’s Radical Right Anti-Semitic Postures in Post-Communism”, publicat în Journal for the Study of Religion and Ideology Vol. 7, no. 21, 2008 (publicație ISI), s-a bucurat de cele mai multe citări dintre toate articolele publicate în această revistă, ele ajungând (potrivit celor afirmate de redactorul ei șef) la peste 50. Articolul este în curs de traducere în limba franceză și va fi republicat în 2010 în prestigioasa “Revue d’Histoire de la Shoah”. Articolul constituie o nouă încercare a autorului de a clasifica diferitele modalități de exprimare a antisemitismului în perioada postcomunistă, plecându-se de la premisa că nu toți cei ce abordează asemenea poziții sunt mânați de motivații identice sau similare. Se face distincția între: a) Antisemitismul auto-exculpator sau nostalgic; b) antisemitismul autopropulsator; c) antisemitismul neopopulist sau mercantilist; d) antisemitismul utilitarist; e) antisemitismul reactiv și f) antisemitismul răzbunării.
