

A black and white photograph of a building facade. On the left, there is a brick wall. The main part of the image shows a wooden structure with a large, ornate spherical lamp hanging from it. The lamp is white and has a black metal frame. Below the lamp, there is a large, stylized white letter 'Q' logo. The background shows the intricate details of the building's architecture, including wooden beams and decorative elements.

The peer assessment process for the academic year 2024-2025, summary report

1. National Institutional regulatory framework

At BBU level, the evaluation process for teaching staff activities was originally governed by a specific operational procedure, which was adopted by an Administrative Council Decision no. 30.058 on October 27, 2014. The document underwent revisions in 2018, 2022, and 2023, the current version approved by HCA 7575 on June 12, 2023, now titled “*Procedure for Evaluating the Activity of Teachers and Researchers by their Colleagues*”. It outlines the evaluation of teaching (dimension D1), research (dimension D2), and civic activities (dimension D3) - both in favor of UBB and of the broader community - along with measures for the valorization of results.

According to this document:

- Each teaching staff member/researcher undergoes formative evaluation at least once every 3 years, based on the last 3 academic years.
- For all teaching positions, Dimension D2 requires a minimum of 1.5 points, equivalent to at least 3 academic or scientific contributions (such as research papers or artistic/sports achievements) over 3 academic years
- For all research positions, the minimum standard for research activity (1.5 points) aligns with the specifications in the job description, but not below the minimum standard for teaching positions.
- The weighting for each dimension is customized based on the specific position held, particularly in relation to teaching responsibilities, as follows:

	Assistant	Lecturer	Associate Professor	Professor	Researcher with teaching activities	Researcher without teaching activities
D1. Teaching dimension	40%	35%	30%	30%	10%	-
D2. Scientific Dimension / Artistic Work / Sporting Performance	30%	35%	40%	40%	70%	80%
D3. Civic Dimension	30%	30%	30%	30%	20%	20%

The weighted average of the scores per dimension gives the final score.

2. Results at University Level

A total of 586 peer assessments were carried out as follows: 579 teaching staff members (36.58% of UBB's teaching staff on October 01, 2024) - 83 professors (37.2%), 169 associate professors (36.5%), 276 lecturers (34.6%), 51 assistants (41.5%) - and 7 researchers (20.9%). The weighted average obtained at BBU level is 4.79 (determined by the average obtained, and the number of people evaluated at the level of each faculty). This value is the highest in the eight years of peer assessments (Figure 1).

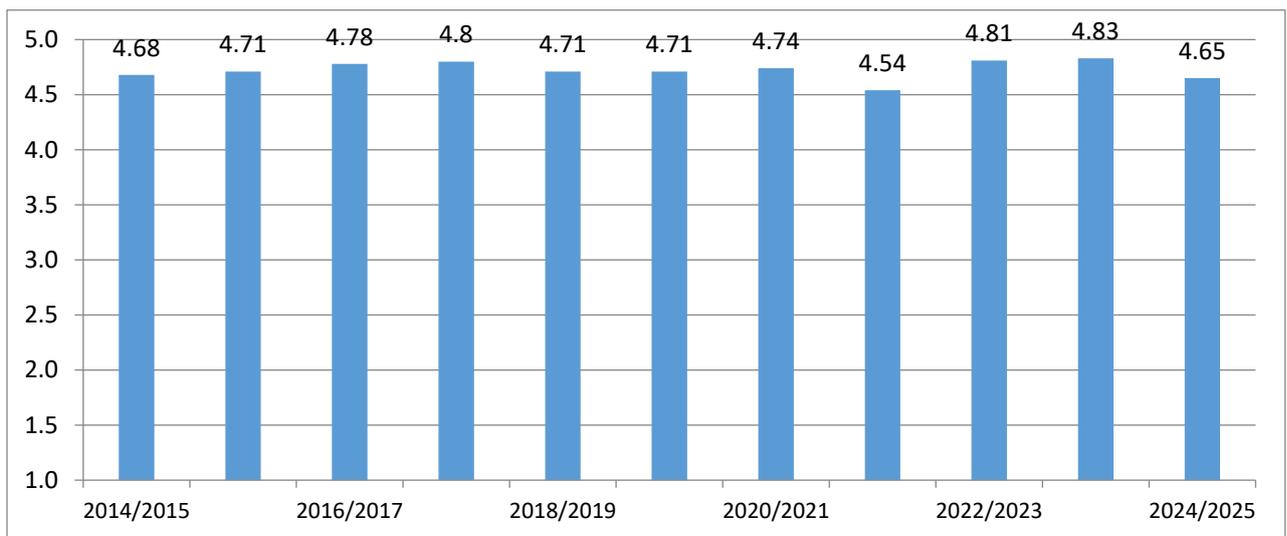

Figure 1. The average weighted scores obtained at BBU level

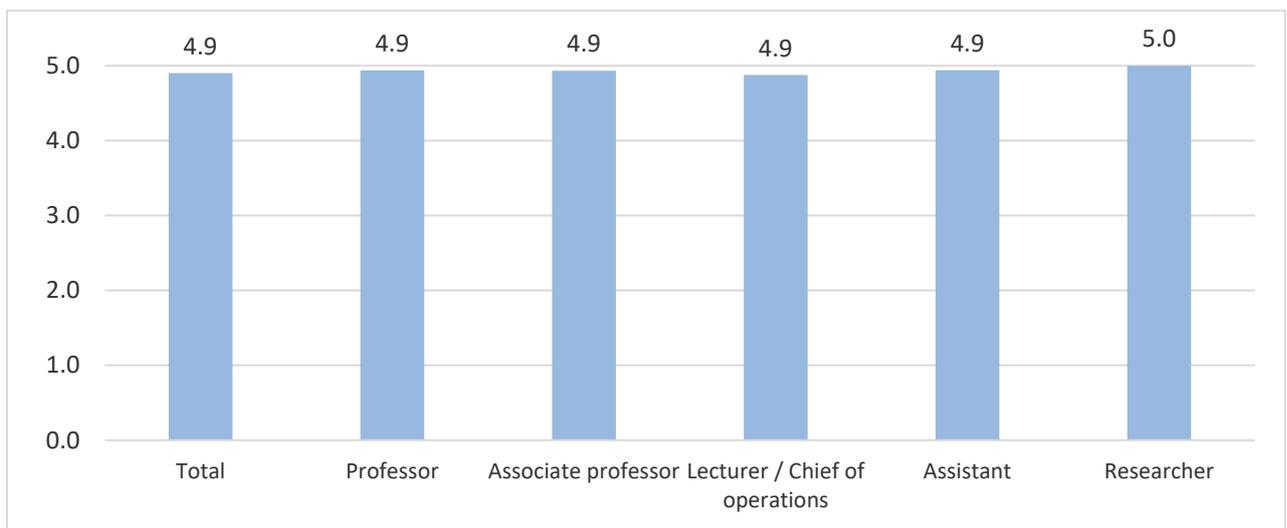

Figure 2. Average scores obtained for Dimension D1 - teaching activity, relative to the specific position held / the teaching rank, 2024-2025

The peer assessment process for the academic year 2024-2025, summary report

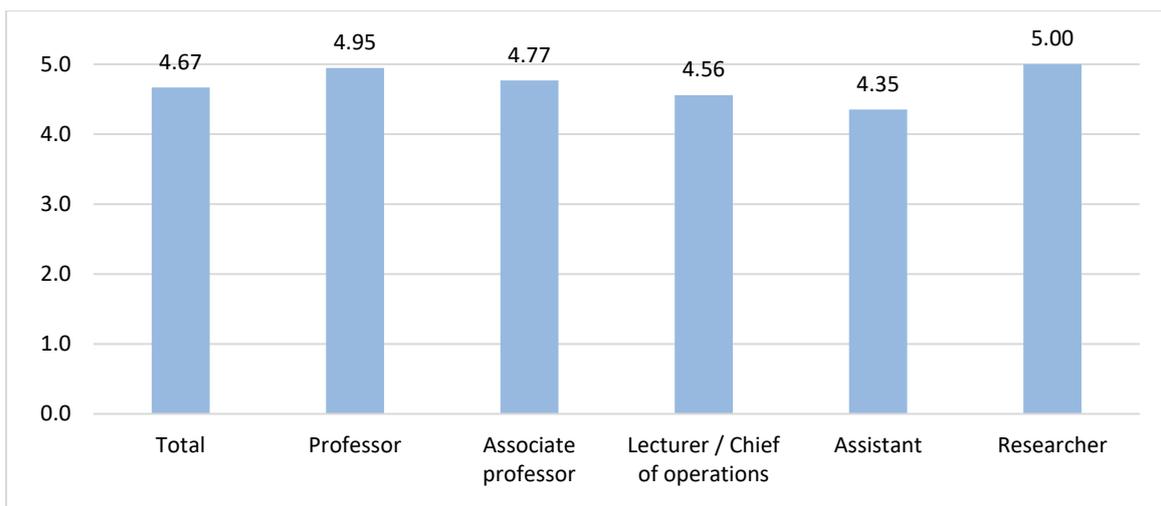

Figure 3. Average scores obtained for Dimension D2 - teaching activity, relative to the specific position held / the teaching rank, 2024-2025

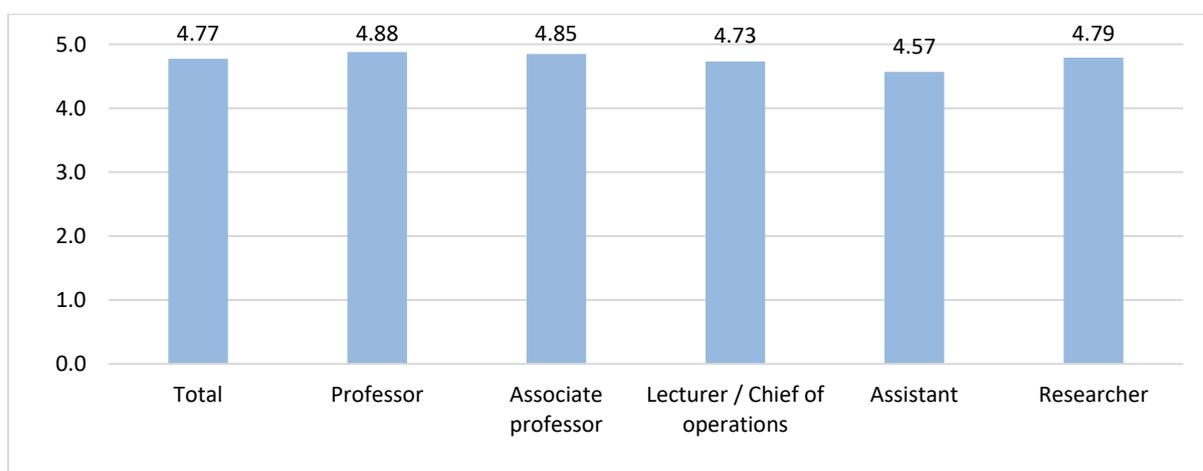

Figure 4. Average scores obtained by faculty for dimension D3 - civic activity, relative to the specific position held / the teaching rank, 2024-2025

The average values obtained, both at university and faculty level, show that most of the teaching, research and civic activity of the peer-assessed individuals is *good* and *very good*.

The results for each faculty are shown in Tables 1 to 4.
